

Return of School Items and Technology

We are looking toward the end of the school year. In order to have all students conclude the year safely, we ask that you read the following instructions for returning school items at the end of the year.

1. Students will arrive at the school during their intended time slot.
2. We will ensure that only 30 students are in the school at any given time. (If we count the staff, this allows us to respect the 50 person maximum and adhere to social distancing guidelines.) Students will be asked to wait outside once the maximum number has been reached.
3. Students will enter and exit through the front doors of the school only and they will follow the directional signs and drop off their books in the designated areas.
4. Staff will wear masks, but we will not provide them for all students. Students are welcome to wear their own face masks if they desire.
5. All students will be asked to sanitize their hands upon entry.
6. Please respect social distancing at all times.
